

SIMPLE TO COMPLEX, THE POSSIBILITIES ARE ENDLESS

Flagstone's innovative RumbleStone® provides a set of rustic building blocks for your outdoor hardscape projects. Simple to complex, large or small, the possibilities for creative expression are as far and wide as your imagination. The six tumbled RumbleStone® sizes modulate in all dimensions and can be assembled in a variety of configurations and orientations. In addition to simple running bond patterns, the stones can be easily stacked with insets, moved forward and backward, horizontally and vertically, for more aesthetically pleasing visual relief and texture. Also, the 3.5-inch base module works with common dimension lumber for benches and pergola posts. Stack'em up and bond with construction adhesive.

RumbleStone® Bench and Fire Pit in Café

WALLS UNITS

RUMBLESTONE® LARGE
7" deep x 10 1/2" wide x 3 1/2" thick
